SKILLS

Languages *Italian*: Native
English: Fluent (Graduate Language)
French: Intermediate
Spanish: Basic Level

Computer skills MS Office and statistical/programming software: EViews, R, Stata.
Basic knowledge of SQL, Python and MatLab.

Personal skills Attitude towards collaborative work, developed in particular thanks to my role as coordinator of local section of my political party.
My several experiences abroad have improved my flexibility and adaptability skills.

INTERESTS

I have studied piano and I am passionate about classical music and opera.
I have played basketball and track and field at agonistic level for several years and now I still like working out. For several years I did a voluntary work through an association called ASSIA in my local town for safety for people with disabilities. In my spare time I like reading, especially historical and political novels, and playing chess.
